👤 PROFILE

I am a creative and design-oriented developer with a strong eye for detail. I possess strong interpersonal skills as well as strong critical thinking skills.

📁 EMPLOYMENT HISTORY

📍 Groundskeeper at Cliffs at Keowee Springs Golf Course, Six Mile, SC

I was on a crew tasked with the maintenance of the golf course. I had to use a strong eye for detail to ensure the grounds were up to the standards of the club. This entailed the cutting and watering of grass, the planting and maintaining of flower beds, and the pruning and trimming of bushes and tree's.

🎓 EDUCATION

📍 Graphic Communications, Tri-County Technical College, Pendleton, SC

August 2018 — May 2020

Learned design and marketing concepts as well as how to use Adobe software like Spark, Illustrator, and Photoshop. The main topic learned was how to design a piece to capture the viewer and tell a story.

📍 Full-Stack Coding Bootcamp, University of Pennsylvania Online

August 2021 — February 2022

I learned how to be a full-stack web developer able to create web applications on the front and back ends. Coding languages learned include HTML, CSS, Javascript, JQuery, MySQL, NodeJS, ExpressJS, and React.
